sioner of Patents and Trademarks, Washington, D.C.

20231, on 26 April 96

W. J. Q. Q.

Sir:

In response to the Office Action dated January 26, 1996 in the above-captioned  
Application, please enter the following amendments and remarks.

**AMENDMENTS**

In the Claims:

Please amend claim 1, without prejudice, as follows:

- Sub D1 1. (Amended) A bariatric bed [having], comprising:  
a frame adapted to support patients having weights in the range of 500 to 800 pounds;  
[and a patient surface atop the frame] said frame including an articulated mattress  
support for supporting a mattress, [wherein the frame comprises:] said support including at least  
first, second and third articulatable sections positioned to support a leg region, a seat region and a  
head region, respectively, of the mattress supported on said support;  
a raise-and-lower mechanism for generally raising and lowering the entire mattress  
support relative to a floor-engaging portion of the frame;  
an articulation mechanism for articulating the [patient surface] mattress support from a  
relatively horizontal, lying position to a seated position; and

a
